## VANCOUVER CITY SEIZES ISLAND

Sends Body of Police to Drive Luggage Men Off Deadman's Island and Take Possession.

Vancouver, B.C., June 1.—Chief of Police Chamberlain, accompanied by Inspector Muller and a dozen officers, took forcible possession of Deadman's Island this morning. Last Saturday, K. K. Korman, head of the Luggage men, had driven off the solitary policeman to charge. On Saturday and Monday workmen were busy erecting falling towers and clearing, preparatory for erecting amusement buildings. This morning Korman met the police at the beach and capitulated at once to their men presented charging them with trespass on city property. The workmen laid down their tools and likewise about one hundred gangsters, who had been working for Korman, and in an hour the island was pretty well deserted.

## DIED ON LONELY PRAIRIE.

Tragedy in Southern Alberta. Which May Never Be Revealed.

Calgary, May 31.—Charles E. Hobden, of Grand Forks, North Dakota, who has just returned from a home-land inspection, between two police officers, has just returned from a home-land inspection, between two police officers, has just returned from a home-land inspection, between two police officers.

With a party of four, Mr. Hobden was out looking at homesteads. They came across the bodies of a man and a woman, who had been found terribly mutilated, on range 9 section 32, which is about 30 miles north of Brooks station, between two police officers, has just returned from a home-land inspection, between two police officers.

At first the party thought it was a dead horse, but on reaching the spot found it to be the body of a man. The man's face had been eaten by a bear, and his body was covered with wounds.

G. T. P. SUPPLIES.

Leave Kamloops for Northern British Columbia. Kamloops, B.C., May 31.—Yesterday the Grand Trunk Pacific pack & express coaches, loaded with provisions and general supplies, left by the Thompson wagon road on route to Tete Juan Cuello. The supplies are intended for the use of the survey parties now engaged in locating a line on the east side of the valley.

Starting from Kamloops, two survey parties are working north, and hold supplies these trains, will probably serve as a source of supply for the survey parties working their way from the other end.

The train of 30 boxcars wintered at Chetco and came here to be only fitted by the Hudson's Bay company. The train, held in the corner of the station, is a very fine affair, attracted the attention of a number of people yesterday.

Man, Mr. Inuit and Landy with the mayor was appointed to meet the representatives of the company this afternoon at 4 o'clock and go into the matter fully. They will probably report to the city council this evening.

At the present time the city holds one electric line for the construction of rural electric car lines for a distance of eight miles out of Edmonton.

One of these was secured by the city from the Legislature and the other was purchased from the Strathcona Railway Railway company. Last evening Wm. Short appeared on behalf of R. L. Lacombe, representing some French capital to ask that the city should purchase the franchise.

Mr. Short stated that the powers under this charter expire on the 31st of May. If the city does not act by that date, the franchise will be granted to a company which will be formed and work started on the 1st of June.

Mr. Short pointed out the many advantages that would accrue to the city from the construction of rural lines. The company proposed to build a line from the city to St. Albert and south west through the Rabbit Hills district. This would make Edmonton the terminus of a line of rural lines.

## COUNCIL FAVORS RURAL CAR LINES

Committee Appointed to Treat with Representatives of French Capitalists.

The city fathers regard very favorably the proposal of a private company, to construct rural electric car lines out of Edmonton in all directions. If granted one of the charters now held by the city. The matter was brought up at the committee meeting of the city council last evening and a committee composed of Aldermen Messrs. McInnis and Landy with the mayor was appointed to meet the representatives of the company this afternoon at 4 o'clock and go into the matter fully.

## FIELDS ARE GREEN AT LLOYDMINSTER

Oats Sown Two Weeks Ago Stand Six Inches High—Fruitful Outlook.

Lloydminster, May 31.—Every farmer in the Lloydminster district is singing the praises of the weather. It is getting a better prospect for a good year than the country has ever known, even in the summer of the above-mentioned. The shadows of drought which were hanging over the district a month ago have been rapidly disappearing during the past two weeks and with this week opened with such a prospect of glorious weather the optimism of the farmer knew no bounds.

"On with the dance," said a farmer, "let us be satisfied."

The amount of grain is fairly dancing in their eagerness to grow. Their corn is now about two weeks ago and has been growing for some time. It is now about six inches high and is looking very well.

"We are now in a position to advance," said a farmer, "I never saw such a prospect for a good year as we have now."

## GOVT FARMS FOR WESTERN CANADA

Officials of Department of Agriculture Leave to Select the Locations.

Ottawa, June 1.—Three new agricultural experiment stations are to be located in Western Canada this summer, and G. F. O'Halloran, deputy minister of agriculture, leaves Ottawa today for the purpose of locating them. It was announced by the Minister of Agriculture last session that one of the stations would be located in the northern part of the province, and that one in the south.

## THE MORMONS NOT TO BLAME FOR FRAY

The Other Version of Magrath Fray—Young Woman's People Not Mormons—Completes Story of the Trouble.

Lethbridge, Alta., May 30.—At some crucial reports have been placed in circulation regarding a so-called "Magrath Fray" that took place at the town of Magrath Wednesday evening, your correspondent has been able to learn the truth through the most reliable persons available.

Some two years ago, Miss Jennie Baxter, one of the leading young ladies of Magrath, was united in marriage to John Barclay of the city of Calgary. Something like six months ago, Mrs. Barclay came to this city. During her stay here she was a very sick woman and for weeks but little hopes were entertained for her recovery. A little over two months ago a sweet little girl arrived and the health of the young mother continued to steadily improve. Leaving Lethbridge she went to the home of her parents in the town of Magrath where they are engaged in conducting the agricultural plant. It appears that for some reason or other she had decided not to return to the home of her husband in Calgary.

Mrs. Barclay, Mr. Duncan Harrison and Mrs. Sergi, both of the city, left for Magrath. Arriving at Magrath they at once proceeded to the hotel. They were met by Mrs. Baxter, and made inquiries for "Jennie." Mrs. Barclay presented herself and the husband asked to see the baby. His wish was granted and with all the apparent love of a doting father he fondled and caressed the little one—taking it in "baby" measure, and making quite a "fuss" over it. Harrison engaged Mrs. Barclay in conversation while Mrs. Harrison had occasion to take her to the livery stable of Fletcher Brothers. After a while the father accidentally "walked" out on the veranda—still possessing the little one—and made his way down the street, where Mrs. Barclay was in readiness with the team and buggy. The baby was passed into the rig and Barclay followed. The rig then started out in a northwesterly direction for the Lethbridge wagon road.

Mrs. Baxter was the first to notice the "in-adventure," and she gave the alarm, calling in her strong Scotch accents for the neighbors to come to the rescue. Word was communicated to the livery stable and the owner was given to understand for what purpose the team and buggy had been engaged. He at once set out in hot pursuit, and was soon joined by other citizens. The team constable was also notified and as quickly as possible joined in the chase. Mr. Andrew Resmussen, interested in the "kidnappers," and told Barclay

could not take the baby out of town. Barclay said he would if he had to shoot his way out. Resmussen told him to "play dead" that he could not take the baby out anyway. This time the livery proprietor had arrived on the scene and he at once took possession of the team and buggy and left Barclay and Mrs. Barclay alone in the middle of the road.

Being relieved of the team, and without a ghost of a chance of getting away, the last named entered the residence of Mrs. Adeline Rich and asked if they might be permitted to remain there until train time. Mrs. Rich told them they could stop. She questioned them about the baby and asked what they were doing with it away from its mother and without the necessary papers and clothing or traveling. Mrs. Rich, however, said that Jim had a right by law to take the baby, seeing that his wife could not go and live with him.

All Rich, mother like, disputed the fact, and said that the lady should be with its mother, who was able to take care of it.

While this trio was safely ensconced in the Rich home, Harrison was having his troubles. In attempting to get into a buggy with Mrs. Baxter, a great scuffle ensued. Mrs. Baxter, who had been told that the lady would be taken care of, was not to be taken off in another direction. A number of indignant citizens gathered at the home of Mrs. Rich and expressed their opinion about the methods of Mrs. Barclay. The K.N.W.M.C. constable and Constable Godfrey (town constable) placed Barclay under arrest and brought him before Justice Harrison.

In the meantime a competent person was left to "guard" Mrs. Barclay and the precious baby. Mrs. Jennie Barclay arrived at the scene in a fainting and hysterical condition. She demanded Mrs. Barclay to give her the baby, but the lady stubbornly refused. Justice Barclay ordered the father to restore the baby to the mother and suggested that it would be both wise and prudent for Mrs. Barclay, Mr. Harrison and himself (Barclay) to leave the town.

There was quite a large crowd at the station when the train came in and, naturally enough, much indignation was aroused over the affair. Barclay and his companion, Harrison, were by no means subdued, for they showed a pugnacious spirit and from thing to another the crowd was spurred on until rough usage and violence were administered to this couple. Some eggs were also in evidence, and those were freely handed to the "kidnappers." To give the matter a bigger touch of western life, on the train were the boys of the Magrath club returning from a shooting contest at Spring Coulee. Notwithstanding anything that had been said to the contrary, there was no "gun play" or attempted "gun play." But Barclay and his colleague liked not the appearance of the "firearms." The better class of citizens urged the boys not to do anything wrong, but they said they would not be so easily put off by the "kidnappers," and told Barclay

or those with him. It is to be regretted that this advice was not taken, but of course this was partly due to the fact that Barclay and his son-in-law showed fight, and needed only combatants to complete the preliminary.

Neither the Barclays or the Baxters or the Baxters or the Baxters are Mormons. It would be both an unjust and untrue to connect the Mormons with the frays in any sense of the world. It was purely and simply a matter where citizens felt that an outrage was plotted and attempted against one of their leading young ladies, and they felt justified in applying harsh and drastic measures to show their disapproval of the same.

## PHILADELPHIA STRIKE, May 31—The Philadelphia Rapid Transit Co. has called out its strike force.

Philadelphia, Pa., May 31.—The Philadelphia Rapid Transit Co. has called out its strike force. The trolley workers by Thursday night a strike of all organized labor forces of the Philadelphia affiliated with the central labor union, representing 75,000 men, will be called on Friday morning.

At the Central Labor Union, the strikers attending the meeting at Broad street and Second Avenue tonight when he made this statement, declaring for the first time the wide scope of the plans formulated to bring the street car strike to a successful issue. He did not content himself with making this announcement, but he also declared the endorsement of the presidents of three international trades.

Two hundred special police have been sworn in for duty tomorrow to help the company keep its cars in operation and the Mayor declared that he would send another 1,000 men if necessary to keep order. He also declared as a last resort he would take over the cars as a city function and run them under the direction of the city authorities.

The city transportation facilities for the benefit of the public can be provided in no other way. As a further safeguard against violence, Mayor Reahman promulgated a curfew ordinance. All saloons must close between the hours of 6 p.m. and 7 a.m. The order becomes effective tonight and will remain in effect until the danger line is passed. A crowd attacked a car at 40th street and Lancaster, avenue this evening and made such a dangerous demonstration that the mounted police were called upon to quell the disturbance. The police charged the crowd and made a dozen arrests. Since were thrown and one woman passenger was badly injured. Another outbreak occurred at 40th street and Lancaster avenue, following a collision between a trolley car and a license. A crowd rushed at the motorcar. Speedy action by the mounted police saved him from injury.

The police were compelled to ride into the crowd and to disperse it, but no arrests were made. At 40th street and Spring Garden street a crowd of 200 men and boys played a trapeze on the tracks. At 40th and Arch streets a car had even window broken, when it ran over a trapeze. In dispersing the crowd, which proved obstinate, the mounted police drew their revolvers, and threatened to shoot.

Though admitting that the transportation facilities provided are far below the average, the Rapid Transit officials affirm that the company has materially improved its conditions and will soon be able to run its cars on a schedule approximating former operating conditions. It was estimated by the company that it has imported 200 men from outside points to act as strike-breakers.

Atlanta, Ga., June 1.—Under the provisions of an ordinance which went into effect today, every householder in Atlanta must keep the back yard of his premises in a cleanly and sanitary condition, on pain of a fine from a health officer and a summons to appear in court and pay a heavy fine.

Wants \$76,450.000. Boston, June 1.—Former Justice Dewey's suit to recover \$76,450,000 from officers of the Good Government Association for alleged falsification of statements during the 1932 campaign is set for trial tomorrow.

FREE C.P.R. RETURN TICKETS TO THE ALASKA-SEATTLE EXPOSITION. Will be given as prizes to persons by Mr. George H. Suckling to the first purchaser of certain specially reduced prize prizes as announced in our advertising columns tomorrow. There are now offered really splendid prizes, from \$100 to \$500, from \$50 up to the maximum prize of \$500.

Mr. Suckling's idea and offer is certainly novel and attractive and should warmly interest intending purchasers of musical instruments. This gift bonus sale begins on Saturday, May 29.

**THERE IS NOTHING BETTER TO MAKE YOU MONEY**  
**THAN A FEW LOTS IN**  
**WOLF CREEK**  
**TOWNSITE**

Look at its location. Look at its resources. Take into consideration that this town is 120 miles west of Edmonton on the main line of the G. T. P. and that Wolf Creek is as far west as the train can run before two large bridges are built over the Wolf and McLeod Rivers. You have only to glance at Stettler on the Stettler branch of the C. P. R. to see what a terminus of a railroad will do for a town. Only a very short time ago you could buy lots in Stettler for 200 on the Main Street, and to-day those same lots are worth 2,000 each.

**Wolf Creek Townsite** is by far the best investment in the west to-day. It is impossible to lose a dollar on this proposition. Any lot in the townsite will make you money. The best located lots will make you more. Why put it off until all the best locations are gone. You can have one of the best if you act now. The prices are sure to rise soon. Select a few lots to-day and get all the profit yourself.

**10,000 Dollars Worth of Wolf Creek Lots** were sold last week and fully that amount the week before. Those who bought have made money. Those who fail to buy are sure to regret it.

It won't cost you much to lay the foundation for a fortune if you buy lots in **Wolf Creek Townsite** to-day.

**PRICES FROM \$75.00 TO \$200.00.**  
**TERMS 3, 6, 9, and 12 MONTHS FOR SALE BY**
